Dear Yves,

Re: Groups of the National Belgian Football federation

I would like to congratulate and thank you with the way you handled our "very important client" the National Belgian Football Federation during their stay in Glasgow - Scotland.

Everything went smoothly and perfect and that is now how I like it! All reservations were made, guides and transportation were on time and all the "little details" that makes an incentive successful, were as requested.

During or more than 25 years in this incentives business, I worked with quite a number of DMC's in almost all continents. The only reason why you are only the number 2 on my list is simply because the number 1 (my agent in Malta) has become a personal friend!

So thanks again, dear Yves for this organization which proved your high professional skills.

Yours truly,

Henri De Nys  
Account Executive Incentive department  
Sun Incentives Brussels
